Chef Dana Borders

Ill Forks Prime Steakhouse, Palm Beach Gardens

Dana Borders proudly presents the Ill Forks concept for serving the ultimate Texan French Cuisine. Having made South Florida her home for 30 years, this native of Pennsylvania and mother of two began her career in 1991 at Gleneagles Country Club. There she discovered her passion for fine dining and learned the basics of the food service industry. In 2003 she left her career in the clubs to become part of the opening team for Spoto's Oyster Bar, later becoming the Assistant General Manager and in 2005 she was asked to bring her fine dining experience to Spoto's new concept The Oakwood Grill, as its Assistant General Manager. Through out her career, Dana has strived to provide superior service and guest satisfaction and was excited to open the first Ill Forks Steakhouse in Florida.
